

Ranvet's Hoof Food

HOOF STRENGTH

HOOF GROWTH PROMOTER AND STRENGTHENER FOR HORSES.

ACTIVE CONSTITUENTS (PER KG)

Biotin 500mg, Gelatin 66.6g, Sulphur 133.3g, Methionine 286.6g, Choline 6.8g, Zinc 240mg, Magnesium 164.7g.

Features

- Supplies daily biotin requirement (15mg) per 30g scoop in addition to all other co-factors essential for healthy hoof growth and repair.
- Improves hoof strength and resilience.
- Allows cracks and defects of the hoof to repair and grow out.
- Regenerates normal hoof wall growth.
- Highly palatable powder.
- Treats a variety of hoof associated defects such as cracked wall, contracted heels, thin soles, bruised soles, seedy toe, split frogs, laminitis and dry shelly feet.

Benefits

- Supplies a combination of zinc, methionine, sulphur, choline, magnesium and gelatin for optimum hoof wall growth.
- Reduces tender soles and dry, brittle walls.
- Promotes stronger, healthier hoof and sole wall.
- Ensures the water soluble B-Group vitamin, Biotin is replenished daily facilitating optimal available levels.
- Easily mixed into the ration.

DIRECTIONS FOR USE/CONTRAINDICATIONS

Mix Ranvet Hoof Food thoroughly through a dry feed daily. A measure is provided. One level measure holds 30g Hoof Food.

IMPORTANT NOTE: Overall improvement in hoof horn growth and strength generally occurs within 3-5 months. In cases of severe hoof damage and with very large horses, supplementation should continue for 9-12 months or longer.

DOSAGE RATES

Specific use 30g daily; Routine use 15g daily; Pregnant mares 60g daily (last trimester).

PACK SIZE(S)

600g (sufficient for one horse for 20 days); 2kg (sufficient for one horse for 66 days); 20kg (sufficient for four horses for 165 days).
