

BCAA Powder

Branched Chain Amino Acid Powder Supplement For Horses

PERFORMANCE/EXERCISE STRESS & RECOVERY

COMBINATION OF 5 AMINO ACIDS INVOLVED
IN NORMAL PROTEIN SYNTHESIS AND ENERGY
PRODUCTION.

KEY INGREDIENTS per Kg:

L-Leucine 354.1g, L-Isoleucine 260.5g, L-Valine 260.5g,
L-Glutamine 20.5g, L-Carnitine 12.9g

Features

- Supplies essential amino acids which are the building blocks of the equine body.
- Attenuates net muscle protein degradation during exercise.
- The three branched chain amino acids, Valine, Leucine and Isoleucine make up one third of all muscle protein and require replenishment following strenuous activity.
- Rapidly metabolized and absorbed.

Benefits

- Aids to maintain muscle tissue mass, required in times of physical stress and intense exercise.
- Supplementation following exercise aids to replace muscle tissue damage and wastage by optimizing muscle repair and regeneration.
- Pre-exercise supplementation considerably reduces muscle protein degradation during exercise.
- Post-exercise supplementation aids muscle recovery following intense exercise stress.
- Maintains cell integrity during hard work.
- Preserves muscle glycogen stores.

DIRECTIONS FOR USE/CONTRAINDICATIONS:

Mix **BCAA Powder** thoroughly into the horse's morning feed. Continue use of product whilst horse is in training.

DOSAGE RATES:

Horses in full work 30g.

PACK SIZE:

1kg & 2.5kg Bucket.
