

Folactin Blue

Mineral Supplement for Stabled Horses

BONE GROWTH AND STRENGTH

MINERAL SUPPLEMENT FORMULATED FOR STABLED HORSES

ACTIVE INGREDIENTS per Kg:

Retinol (Vitamin A 500,000IU) 150mg, Cholecalciferol (Vitamin D3 217,500IU) 5.44mg, Folic Acid 420mg, Inositol 79mg, Calcium (from Calcium Carbonate, Dicalcium Phosphate, Tricalcium Phosphate) 307g, Phosphorus (from Dicalcium Phosphate, Tricalcium Phosphate) 35.5g, Magnesium (from Magnesium Carbonate) 25.5g, Copper (from Copper Sulphate) 0.86g, Zinc (from Zinc Oxide) 1.67g, Cobalt (from Cobalt Sulphate) 8mg, Iodine (from Potassium Iodine) 8mg, Fluoride (from Sodium Fluoride) 4mg

Features

- Specifically formulated for stabled horses.
- Rectifies calcium and phosphorus deficiencies and incorrect ratios common in high grain diets.
- Supplies all essential minerals critical for sound bone growth and development.
- Provides all essential co-factors for bone development.
- Safe for pregnant mares, lactating mares, stallions and foals.
- Promotes optimal absorption, utilisation and retention of calcium and phosphorus.

Benefits

- Optimally balanced for stabled horses in work on high grain/energy diets.
- Ensures sound bone, tendon and ligament development and integrity.
- Allows proper utilisation and deposition of calcium and phosphorus in bone and for red blood cell production.
- Easily mixed into the ration.
- Safely supplements and effectively balances vitamin and trace element deficiencies in stabled and pastured horses.

DIRECTIONS FOR USE:

Mix Ranvet Folactin Blue thoroughly through the feed. A measure is provided. One level measure holds 30g Folactin Blue. Spread dose over two feeds.

INSTRUCTIONS:

Horses on high grain diets 30-90g daily;
Horses in work 30-60g daily;
Spelling horses 30g daily.

PACK SIZE(S):

5kg & 20kg
