Pregnant mares & Lactating mares 60-100g daily, Dry mares 30-60g daily, Stallions 30-60g daily, Foals (Creep-Fed) to 3 months 30-40g daily, Foals (Creep-fed) to 5 months 30-60g daily, Weanlings 30-60g daily, Yearlings 30-60g daily, Horses (Over 16 Years) additional 30-60g daily.

PACK SIZE(S):

5kg & 20kg

Benefits

- Formulated to meet the specific needs of paddocked and stud horses of all ages.
- Rectifies calcium and phosphorus deficiencies and incorrect ratios which negatively impact bone development and soundness.
- Ensures sound bone, tendon and ligaments development and integrity.
- Allows proper utilisation and deposition of calcium and phosphorus in bone and for red blood cell production.
- Safely supplements and effectively balances vitamin and trace element deficiencies in pastured horses.
- Effective in adult horses where calcium, phosphorus, copper and zinc deficiencies or imbalances may exist.
- Easily mixed into the ration.
