

Hoof Food

Hoof Growth Promoter for Horses

HOOF GROWTH/ STRENGTH

HOOF GROWTH PROMOTER & STRENGTHENER FOR HORSES

ACTIVE INGREDIENTS per kg:

Biotin 500mg, Gelatin 66.6g, Sulphur 133.3g, Methionine 286.6g, Choline 6.8g, Zinc 240mg, Magnesium 164.7g

Features

- Supplies daily biotin requirement (15mg) per 30g scoop in addition to all other co-factors essential for healthy hoof growth and repair.
- Improves hoof strength and resilience.
- Allows cracks and defects of the hoof to repair and grow out.
- Regenerates normal hoof wall growth.
- Highly palatable powder.
- Easily mixed into the ration.

Benefits

- Supplies a combination of Zinc, Methionine, Sulphur, Choline, Magnesium and Gelatin for optimum hoof wall growth.
- Reduces tender soles and dry, brittle walls and promotes stronger, healthier hoof and sole wall.
- Ensures the water soluble B-Group vitamin Biotin is replenished daily facilitating optimal available levels.
- Treats a variety of hoof associated defects such as cracked wall, contracted heels, thin soles, bruised soles, seedy toe, split frogs, laminitis and dry shelly feet.

DIRECTIONS FOR USE/CONTRAINICATION: Mix Ranvet Hoof Food thoroughly through a dry feed daily. A measure is provided. One level measure holds 30g Hoof Food.

IMPORTANT NOTE: Overall improvement in hoof horn growth and strength generally occurs within 3-5 months. In cases of severe hoof damage and with very large horses, supplementation should continue for 9-12 months or longer.

DOSAGE RATES:

Treatment dose 30g daily; Routine Prevention 15g daily; Pregnant mares (last trimester) 60g daily.

PACK SIZE(S):

Available in 1kg, 2kg, 5kg & 20kg
