Power Formula

Concentrated Protein & Mineral Supplement For Horses

PROTEIN & MUSCLE BUILDING

BALANCED PROTEIN, VITAMIN AND MINERAL SUPPLEMENT FOR THE HIGH PERFORMANCE ATHLETE

KEY INGREDIENTS per kg:

Digestible Energy 9.1MJ, Crude Protein 283g, Calcium 64g, Phosphorus 12.1g, Lysine 27g, Methionine 11.4g, Arginine 28g, Threonine 11.6g, Magnesium 10.8g, Potassium 9.7g, Sodium 1.6g, Sulphur 5.2g, Iron 449mg, Zinc 452mg, Copper 220mg, Manganese 327mg, Iodine 4.34mg, Vitamin A 50,000IU, Vitamin D 21,000IU, Vitamin E 835IU, Folic Acid 42mg, Inositol 30mg, Fibre 72g, Oil 47g

Features

- Exclusive protein supplement containing protein meal and essential vitamins and minerals including calcium, phosphorus, magnesium, zinc, Vitamin A and Vitamin E.
- Provides a unique amino acid profile, providing the building blocks to lay down bone and muscle in hard working horses.
- Maintains muscle mass and conditioning during strenuous preparations.
- Optimal calcium: phosphorus ratio to ensure sound bone and tendon integrity.
- Provides low energy and carbohydrates while ensuring high quality protein provision.
- Complete feed supplement in highly palatable, easily delivered pelleted form.
- No animal by-products.

Benefits

- Well balanced, high quality protein and amino acid supplement.
- Provides essential protein for muscle mass and maintenance during training and competition, commonly deficient in grain roughage rations.
- Provides correct balance of critical bone mineral nutrients, preventing demineralisation through dietary imbalances.
- Provides essential co-factors in calcium absorption and metabolism often deficient in stored grains and roughages.
- Allows varying of the grain portion of the diet depending on individual energy requirements.
- Specifically tailored for stabled, high performance horses to maintain optimum growth, performance and tissue repair.

DIRECTIONS FOR USE/CONTRAINDICATIONS:

Mix Power Formula thoroughly through the horse's feed; ideally split between two feeds. Daily use is necessary to maintain effect.

DOSAGE RATES:

300-600g daily added to the ration. Ideally, pellets should be divided equally between morning and evening feeds.

PACK SIZE(S):

20kg Bag
