Mineral Supplement for Broodmares and Foals

Bone Growth
& Strength

Breeding &
Growing Horses

Promotes healthy development
and integrity of tendons &
ligaments.

ACTIVE INGREDIENTS (per kg)

Calcium 254g, Phosphorus 134g, Magnesium 89g, Zinc 4.2g, Copper 3.8g, Cobalt 8mg, Folic Acid 192mg, Inositol 100mg, Vitamin A 247,000IU, Vitamin D3 100,000IU

FEATURES & BENEFITS

- Specifically formulated to meet the needs of broodmares and foals at stud.
- Fortified copper, zinc, calcium, phosphorus plus added magnesium.
- Supplies all essential minerals critical for sound bone growth and development.
- Provides essential co-factors, Vitamins A & D, Folic Acid for bone development.
- Aids in the promotion of proper absorption, utilisation and retention of calcium and phosphorus.
- Provides optimum nutrition during early skeletal development for steady growth.
- Rectifies calcium and phosphorus deficiencies and incorrect ratios which negatively impact bone development and soundness.
- Allows proper utilisation and deposition of calcium and phosphorus in bone and for red blood cell production.
- Safely supplements and effectively balances vitamin and trace element deficiencies in pastured horses.
- Effective in adult horses where calcium, phosphorus, copper and zinc deficiencies or imbalances may exist.
